

HellermannTyton

P108-12-MOD

12 port blank modular patch panel

Article Number: 853-19200
Part Number: P108-12-MOD
Type: P108-12-MOD

Part No. P108-12-MOD
Type P108-12-MOD
Color Black

Features

The modular patch panel is designed to accept HellermannTyton modular jacks and connectors, providing flexibility in multimedia installations. It allows the design of a custom panel specifically suited to different applications including coax, voice, audio, video and fiber. Once the connectors are snapped into the panel, they are flush with the front of the plate. These modular panels can be mounted to any standard EIA 19" rack, cabinet or wall mount patch panel bracket. HellermannTyton pre-numbered modular patch panels are available in 12, 16, 24, 32 and 48 port configurations. HellermannTyton's 1U, modular panel allows for increased density in one rack space. The panel also makes patch cord insertion and removal easy.
